MALL ACTIVITIES & RESTAURANTS

All of these malls are close to Brooklyn and Deal. There are many activities in all the malls, and even some kosher food options to eat at. There are many shops that are not listed here that are fun to shop and walk around to. All the malls are nice to walk around inside, and Staten Island Mall has a nice outdoor area as well. Some activities are seasonal, and sometimes they just close periodically, so it is always a good idea to check in advance to see if they are open.
